Storm Water Monitoring Plan and SWMU-AOC/Storm Water Pollution Prevention Plan

Dear Mr. Wilmot:

The U.S. Environmental Protection Agency (EPA) has reviewed the above referenced documents that your staff submitted to EPA dated March 31, 2005. After a review of both of these documents, EPA did not find any technical deficiencies. The plans meet the requirements set forth in the Federal Facilities Compliance Agreement referenced above and you may now consider these plans to be approved.

Thank you for your attention to this matters. It is the goal of EPA and the Clean Water Act that all waters of the U.S. be protected to water quality standards. If you have any questions, you may contact me by telephone at (214) 665-7112 or by e-mail at [sharpe.taylor@epa.gov](mailto:sharpe.taylor@epa.gov).

Sincerely yours,

Taylor Sharpe  
Enforcement Officer (6EN-WT)
